Please make cheques or Postal Orders payable to "ATPH" but leave the Postal Orders UNCROSSED so that we can use them in the Post Office to pay for postage. If you wish you can also pay with English banknotes but, please, *no coin*. Thanks.

All photos sold subject to the terms and conditions of the NA3T.

In this issue

Hustwitt photos

Having been stuck in the 1961 British Coach Rally for far too long I have decided to skip the remainder of the rally and just cover the last few shots taken in that year. As you can see, these include coverage of the transfer of the first of the GWR Castle Class locomotives, Caerphilly Castle, from Paddington Station to the Science Museum.

Refurbished for display purposes at Swindon Works, on 2 June 1961 she was formally handed over by Dr Richard Beeching at Paddington. Pickfords hauled the engine to the museum in South Kensington using Scammell Constructor units on Sunday 4 June. For those with Internet access, all of the Hustwitt photos of this move can be viewed on our website.

If anybody would like a full list of photos of the 1961 British Coach Rally (or the 1962 rally for that matter) please send an A5 stamped addressed envelope. Prices would be the same as for PhotoNews photos and cheques should be payable to ATPH.

DNC passenger vehicle photos (in this PN)

I don't know about you but when it comes to bus photos I do like to know where she's going but, whilst the digital displays are very good from the travellers viewpoint, they are actually flashing on and off with more off than on. To overcome this I now take several shots in quick succession.

As a result some of the photos in the DNC list include multiple shots of some buses. When I have inspected the photos I will select the best for printing and the remainder will be removed

from the published catalogue. If all the shots show a blank destination then the photo selected for printing will not have route information.

DNC Bob's Commercial Vehicle List

If you are still ordering from this list you will have received the latest update with your photos. If you have not been ordering but would like an updated list please send £1.75 to cover the cost of printing and postage. The total count of commercial types including road-going plant is over 16,000 photos.

Digital Photo Exchange

If any readers would be interested in exchanging their digital photos or negatives/slides for prints or digitised copies from the main catalogue please email me bob@transportphotos.com

If you spot anything wrong in this PhotoNews, I'm on 01903 235167.

Have fun

Bob
